GYMKHANA 2018 RESULTS

Following last years success, the car side of the club again put on a Gymkhana for the guys and girls competing in the trial. Unfortunately, this year the car, a beautiful specimen of a Rover 25, provided by Alan Jackson couldn't hack the pace and the clutch disintegrated on the 7th competitor, Mike Evans before he attempted Test D although his passenger (Tom Ablewhite) made a valiant attempt to push the car through the test. Due to this, and no spare car being available, the numbers were down on last year.

There was some gentle 'massaging' of the rules through the tests with some slight passenger assistance on one or two of the tests!

Congratulations to Chris Alford (assisted by Jess Bown in the passenger seat(s)) for setting the benchmark despite attacking the Autotest with enthusiasm and hitting the 2 finish cones.

Sunday saw the car side of the club have their own competition. With a disappointing entry of just 6, of which 4 had 3 runs at each test, 1 had 2 runs and 1 just a single run before the high temperatures took their toll! First place went to Matt Wood using the average penalty over the runs completed very closely followed by Alan Jackson.

Name	Run 1	Run 2	Run 3	Total Penalty	Average Penalty
Matt Wood	96.27	103.15	96.03	295.45	98.48
Alan Jackson	101.63	101.47	92.69	295.79	98.60
David Wood	108.28	105.61	-	213.69	106.95

Thank you to Richard & Steph Marris for letting us use the field and for the hospitality on Saturday night, Ian Faulkner for allowing his car to be used on Sunday and for everyone who made it worthwhile putting on (all the entries!).

We will try to do the same again next year and hopefully get a few more to have a go.

Thank you

Alan Jackson
